

# Fallen

Joel Corry

In my mind, every moment  
An obsessive kind of love  
Got you trapped in my system  
Who knew I'd like it quite this much?

Every night I need you, morning  
You've taken over, I can't control it  
Dropped to my knees and I'm crawlin'  
Yes, I've fallen for you, it's the things that you do

Yes, I've fallen for you, it's the things that you do

Got my fix, like an addiction  
Don't take a sip, I shot this love  
Is it real or is it fiction?  
Now I'm hooked, I'll give my all

Every night I need you, morning  
You've taken over, I can't control it  
Dropped to my knees and I'm crawlin'  
Yes, I've fallen for you, it's the things that you do

Yes, I've fallen for you, it's the things that you do  
Yes, I've fallen for you, it's the things that you do

Every night I need you, morning  
You've taken over, I can't control it  
Dropped to my knees and I'm crawlin'  
Yes, I've fallen for you, it's the things that you do

Every night I need you, morning  
You've taken over, I can't control it  
Dropped to my knees and I'm crawlin'  
Yes, I've fallen for you, it's the things that you do
