

Hey DJ

Joel Corry

Hey DJ
I don't want to hear my heart breaking
My feelings are loud enough
Play me something to lift me up and save me
And save me save me save me save me
Will you save me save me save me save me

Hey DJ
I don't want to hear my heart breaking
My feelings are loud enough
Play me something to lift me up and save me

Hey DJ
I don't want to hear my heart breaking
Before I get too messed up
Play me something to lift me up and save me
Hey DJ

Will you save me save me save me save me

Tell me how I got here
I can't find no inner peace
Caught up in the night before
Drowning out the memories
Don't want to see the morning
Just want to wake up in a dream
Where I can't feel this pain no more
I know you got the remedy

Hey DJ
I don't want to hear my heart breaking
My feelings are loud enough
Play me something to lift me up and save me

Hey DJ
I don't want to hear my heart breaking
Before I get too messed up
Play me something to lift me up and save me

I need it now
It's all I want
Take me there with one more song
I'm getting too messed up
Play me something to lift me up
And save me
And save me save me save me save me
Will you save me save me save me save me
Hey DJ
