

## More than meets the eye

Joel Faviere

Will I ever find my place in time?  
The answer to my questions  
When, Where & Why  
I do what I got to for a reason  
without the piece of mind

I need,  
I need more,  
I need more than meets the eye  
Will I live?  
Will I grow?  
Should I just burn out and die?

I have to guess you're a lot like me  
Looking for truths, what ever they might be  
We're all just victims of this worldly disease  
We call religion.

I need,  
I need more,  
I need more than meets the eye  
Will I live?  
Will I grow?  
Should I just burn out and die?

I need,  
I need more,  
I need more than meets the eye  
Will I live?  
Will I grow?  
Should I just burn out and die?
