

Overdrive

Joel Faviere

There's somethin' so, so different about you, girl
Girl
It's gotta be those lips and hips, girl
Ya gotta be my girl

Monday through Friday
You run through my mind's hallway
I got one look, that's all it took
Got me hooked, oh girl

How come everywhere I go, I see your face?
Even if some other girl's up on my waist
It's a waste of my time, and my eyes
My time, my time

Girl, ya gotta be
Ah-g-g-gotta, g-g-gotta be
My girl
Gotta be, g-g-g-gotta, g-g-gotta be
My girl

Oh, with a curse, and a kiss
And your hands on my chest
Show me what you got-ah, go
This is overdrive
Oh, overdrive
This is overdrive [x2]

How come everywhere I go, I see your face?
Even if some other girl's up on my waist
It's a waste of my time, and my eyes
My time, my time, girl [x2]

Ya gotta be
Ah-g-g-gotta, g-g-gotta be
My girl
Gotta be, g-g-g-gotta, g-g-gotta be
My girl

Oh, with a curse, and a kiss
And your hands on my chest
Show me what you got-ah, go
This is overdrive
Oh, overdrive
This is overdrive [x2]
