There's somethin' so, so different about you, girl Girl
It's gotta be those lips and hips, girl
Ya gotta be my girl

Monday through Friday
You run through my mind's hallway
I got one look, that's all it took
Got me hooked, oh girl

How come everywhere I go, I see your face? Even if some other girl's up on my waist It's a waste of my time, and my eyes My time, my time

Girl, ya gotta be
Ah-g-g-gotta, g-g-gotta be
My girl
Gotta be, g-g-g-gotta, g-g-gotta be
My girl

Oh, with a curse, and a kiss And your hands on my chest Show me what you got-ah, go This is overdrive Oh, overdrive This is overdrive [x2]

How come everywhere I go, I see your face? Even if some other girl's up on my waist It's a waste of my time, and my eyes My time, my time, girl [x2]

Ya gotta be
Ah-g-g-gotta, g-g-gotta be
My girl
Gotta be, g-g-g-gotta, g-g-gotta be
My girl
