

# Lil' Piggies

Joell Ortiz

You mothafuckas ready?  
I'm walkin' through this bitch with my machete  
Put your chemical suit on  
What you 'bout to come in contact with is deadly  
I'm tired of the gimmicks, firin' your style, is you bitches?  
Fuck you and your selfies, why you smilin' in pictures?  
What you think this is a game, nigga?  
Ooooh man y'all lucky I don't name niggas, lame niggas  
Call me Dhalsim, I'm finna flame niggas, shut up  
Talkin' to every rich and famous nigga, what up?  
Spar with the stars, meet me in your garage  
Where you park all your cars  
I'll show you how you get sparked with these bars  
You's a walk in the... park  
Where they find you? Rhymes, I'll outrhyme you  
Lines, I'll outline you... in chalk  
Load up the magazine and throw at the magazine that said your album was mean  
Shoot to your photoshoot and shoot your photoshoot  
Think I'm just bein' vocal in the vocal booth?  
Everybody head got a price, that's a quotable

This lil' piggy said he hard  
But this lil' piggy walkin' 'round with bodyguards  
This lil' piggy is a fraud  
This lil' piggy said he real  
But this lil' piggy get smacked, bet he squeal  
This lil' piggy is a bitch

Niggas take my kindness for weakness  
I look at your kind and see weakness  
I sound like somethin' divine in these speakers  
Y'all look like somethin' of mine in the cleaners, washed up  
I rinse your whole squad up  
Put you on spin cycle then hang your panties and bras up in Starbucks  
Ah I'm just ventin' like a large cup  
Cause I make magic happen with this pen  
And it go platinum, but Copperfield is back at it again  
So you can shine as long as this shit I'm rappin' is a gem  
Don't nobody say it how I say it  
Get on stage and display it, how I display it  
Convey it in such a way that it stays with you, man it's crazy  
They callin' me underground but I'm your mothafuckin' favorite  
When you press play it... do somethin' to you  
And never mention my name, boy I'll do somethin' to you

This lil' piggy said he hard  
But this lil' piggy walkin' 'round with bodyguards  
This lil' piggy is a fraud  
This lil' piggy said he real  
But this lil' piggy get smacked, bet he squeal  
This lil' piggy is a bitch  
This lil' piggy said he hard  
But this lil' piggy walkin' 'round with bodyguards  
This lil' piggy is a fraud  
(Keep believin' what you see on social media, man, that ain't real)  
This lil' piggy said he real  
But this lil' piggy get smacked, bet he squeal

This lil' piggy is a bitch  
(Just like pow)

I don't fuck with y'all, y'all like broads  
Your whole team is just not like ours  
I'm a VIP nigga sittin' at the bar  
The nigga that you see when them cameras on  
Is the nigga that you meet when them cameras off  
I am who I am, that's not who they are
