

Borderline

Joeseef

I'm not angry
I'm just disappointed
Drunk in the front room
I tried but it won't stick
The edge of an argument
Stings on the tip of my tongue

Don't you want me
Like you used to?
We could dance in slow motion
To get through
Watching you sleep from the hallway
Instead of the bed

Cause you were so hard to find
I want you all the time

Remember what you loved me for?
Even when I'm on the floor?
Hope is hard to find
In-between the things I've said
A version of me in your head
But I could never tow the borderline

You keep asking
Is this what you wanted?
Punched holes in the walls
I'm just trying to be honest
I'm stressed out the don't understand me
But you said you do

How do you feel?
Can I help you?
I don't answer
But I know
That I should
But I'm glad that you stayed till the morning
Like you said you would

Cause you were so hard to find
I want you all the time

Remember what you loved me for?
Even when I'm on the floor?
Hope is hard to find
In-between the things I've said
A version of me in your head
But I could never tow the borderline

I don't really know where I spent half the night
If you tell me go then that would be alright
Baby hold me close cause I don't want to fight
Cause I want you all the time

Remember what you loved me for?
Even when I'm on the floor?
Hope is hard to find

In-between the things I've said
A version of me in your head
But I could never tow the borderline
But I could never tow the borderline
But I could never tow the borderline
But I want you all the time
