

I Wonder Why

Joeseef

Carry on, look at my phone
Set it down, I'm all alone
Get my shoes, take a breath
See your face in everything
Out the door, don't know what for
Maybe there is something more
I close my eyes, I travel miles
I'm still lost, I wonder why

I can't seem to get you out my head
Feel your kiss with every single breath

I've drank the wine, I've took the drugs
But nothing ever is enough
I don't eat, haven't for days
Punish myself (Punish myself), in different ways
Maybe then, I'll finally know
What it was (What it was), that made you go (Made you go)
I look up (I look up), into the sky (Into the sky)
I ask myself (I ask myself), and I wonder why

I can't seem to get you out my head
Feel your kiss with every single breath

Uh
Me and my brother we were cool when we were younger
Until the pull of all that drugging took him under (Under)
Nothing could satisfy the darkness in his hunger
Yo 'cause first you feel the lightning go
But then you hear the thunder
It was louder than you ever could imagine
Couldn't have fathomed the pain 'til the day you see it happen
Yo I was sitting in a shitty pub in Clapham
Trying to find a way to tame the fire breathing dragon

I can't seem to get you out my head (My head)
Feel your kiss with every single breath (Single breath)

I can't seem to get you out my head (I can't seem to get you out my head)
Feel your kiss with every single breath
Oh, oh-oh

Oh, oh, oh
Ah-ah, ah-ah
