

Front & Center

Joey Bada\$\$

Yeah

Soy el fuego que

Soy el fuego que

I need all my bad mamis, front and center

It's a movie scene when I enter

Better get your man if he sentimental

If you don't get the memo I'm sending metal

'Cause we ain't just letting off on instrumentals no mo'

We ain't just letting off on instrumentals no mo'

Lil' Spanish mami, young Mexicana

Fed her white lies, no Betty Blanca

Took one hit and it mesmerized her

Shorty tryna get me lined by the Federales

Dammit I love it when she talkin' sloppy

Give me toppe and call me papi

Whisper that freak shit all in my ear though

Me gusta mami, y yo quiero

That pussy make a nigga tip his sombrero though (Damn)

She ain't fuckin' niggas with no dinero no (Yeah)

That's my chica, señorita

Mi niña, yo necesito

Mira, mira, she muy bonita

I need to see her, I need to see her

Need the bad mamis, front and center

It's a movie scene when I enter

Better get your man if he sentimental

If I don't get the memo I'm sending metal

'Cause we ain't just letting off on instrumentals no more

Got this little bad Rican, she love the freakin'

Need to see me at least twice a weekend

What's the skin tone? Butter pecan

Made me drop my old hoes I don't need to see 'em

I don't even need 'em

¿Como estás, papi? Muy bien

I'll be on el avión while you prolly home

And you still fuck around with them maricóns

Young Gustavo, smoke Cubanos, out in Cabo with the next top model

Feelin' like a nigga just hit the lotto

I'm so up high, I'll be smoking on hydro

Plus she loyal, suck and swallow

After that it's arroz con pollo

Picture perfect don't take a photo

That pussy worth to make a fly solo

Need the bad mamis, front and center

It's a movie scene when I enter

Better get your man if he sentimental

If you don't get the memo I'm sending metal

'Cause, we ain't just letting off on instrumentals no more

We ain't just letting off on instrumentals no mo'
