You know I gotta (Shine)  
Express your mind, baby  
My life, my life, my life, my life

Yeah, this be them young OG vibes, think like I'm Steve Jobs  
Malachite stone, see the world all through STEEZ eyes  
Dubai standstill, stuck in my Vans still (Right)  
I let the sand spill 'til I can't stand still (Shine)  
I got no time to waste (No), life is fast-paced (Yup)  
Keep the tracks runnin', never come in last place (Rrah)  
How's your bitch when I come around? She's not safe (Nope)

She need a back brace (Yup), I need a backrub (What else?)  
I tell her, "Put that face down and that ass up" (Yeah)  
And then I smash her (Yeah), and then I pass her (Yeah)  
Back to you, she gon' tell you the truth so don't ask her (Shine)  
Hop in the Ghost and go Caspar (Go Caspar)  
Space coupe with a rocket on me, I won't hesitate to blast ya  
Fuck buyin' cars, though, I'm buyin' back my masters  
'Cause it ain't just the cash that I'm after

Bitch, you know I gotta, know I gotta  
(Shine, when I do, what I do, when I'm doin')  
Money on my mind so you know I'm always grimy, yeah  
(Shine, when I feel, what I feel, when I'm feelin')  
All my hundreds down, I might put her in some diamonds  
(Shine, when I do, what I do, when I'm doin')  
Swayin' stars in line, everything is perfect timing  
(Shine, when I feel, what I feel, when I'm feelin')

fe, my life, my life, my life)

Uh  
Never let 'em tell you what your worth is (Yeah)  
Respect gotta be earned, it can never be purchased (Never)  
I done made ten million spittin' verses (Facts)  
And still ain't losin' sight of my purpose (Woo)  
Still sheddin' light beneath the surface (Yeah)  
Constant elevation, givin' em revelations  
Still teachin' them Church (Yeah)  
First things first is I jot for the service (What else?)  
Gotta keep a steady dollar just to pacify the splurges (Right)  
Satisfy the urges (Yeah)  
Tell you my feet'd probably make you niggas nervous (Come on)  
Seven-figure purchase (Uh-huh)  
Went from buildin' with blocks to buildin' the block

Now I'm talkin' with my pops about some buildings to cop, nigga  
I had the stick and the plot (Yeah)  
Heat the pocket up and straight fill it with knots (Uh-huh)  
I went to great Uni for the watch but not the one with the rocks  
'Cause it ain't 'bout what you paid, it's about what you got, nigga

(Shine) Yeah, I got a lot upon my mind (Yeah)  
Not enough time (Right) so I've been up on my grind (What else?)
