

THE REV3NGE

Joey Bada\$\$

Bitch, I'm really, really out for blood this time, look (Know I'm really)
Woo

I just came back for the win
Lotta new money in my hand
Go and tell a friend to tell a friend
They say success is the best revenge

Heard they was sleepin' again, say it no more
This is a rude awakenin', kick in the door
Back and I'm better than ever before
Don't get it mistaken, I'm ready for war
I see the opps and I'm upp'in' the score
I catch a body then jump in the Porsche
Follow the coroner back to the morgue
Take the sheet off and I kill 'em some more
When I am done at the scene, I won't leave anything
You won't even know who is involved
Don't let me do it, 'cause I overdo it
And do it 'til I cannot do it no more
All of the doubters, I'm provin' 'em wrong
Back with a classic, I know it's been long
Heard they was missing me while I was gone
I smell a victory, back up on top and it's where I belong
Like that ain't shit to me, we makin' history
Fought through the misery, weathered the storm
Can't let them get to me, no weapon formed shall prosper
R&B bitches all over my roster, bitch, I got options (Huh, huh)
I keep a chopper right on the dresser, next to the Oscar (Huh, woo)
Applyin' pressure, somebody stop us (Woo)
Applyin' pressure, somebody stop us
Run in my casa, gon' need a doctor
Gon' need a doctor, gon' need a (What)

I just came back for the win (Yeah, what)
Lotta new money in my hand
Go and tell a friend to tell a friend
They say success is the best revenge (Woo, woo)
I just came back for the win (Yeah)
Lotta new money in my hand (Woo, woo)
Go and tell a friend to tell a friend
They say success is the best revenge (Woo)

So now they on my body
Made it to the top, ain't no way that they could stop me now (Now)
They gon' say I joined the Illuminati
I got demons all around me, tell me what they know about me (What?)

I just came back for the win (Yeah, what)
Lotta new money in my hand
Go and tell a friend to tell a friend (What? What? What? What?)
They say success is the best revenge (Yeah, woo, woo)
I just came back for the win (Yeah)
Lotta new money in my hand (Woo, woo)
Go and tell a friend to tell a friend
They say success is the best revenge (Woo)
