

# Got Me Like

Joey Dja

Got me like ooh la la

Hey boy  
You should come with a warning  
Cause you could destroy  
My world  
Hey boy  
Please don't leave me mourning  
I want you every day, every night  
I love you babe, please treat me right

What am I supposed to do?  
Got me falling in love with you, you  
What am I supposed to do?  
Got me falling in love with you  
Got me got me got me la la like

Got me like ooh ah la la  
Got me like ooh la la  
Got me like ooh la la  
You got me like  
What am I supposed to do?  
Got me falling in love with you

Hey boy  
Could you be more charming?  
You make my heart rejoice this song  
Hey boy  
You're like sex in the morning  
I want you every day, every night  
I love you babe, please treat me right

What am I supposed to do?  
Got me falling in love with you, you  
What am I supposed to do?  
Got me falling in love with you  
Got me got me got me la la like

Got me like ooh ah la la  
Got me like ooh la la  
Got me like ooh la la  
You got me like  
What am I supposed to do?  
Got me falling in love with you

Hey boy  
I was thinking maybe  
You would like to love me  
Love me all night long  
Hey boy  
I was thinking maybe  
You would like to love me  
Love me all night long

Got me like ooh ooh la la  
You got me like ooh ooh la la

Got me like ooh ah la la  
Got me like ooh la la  
Got me like ooh la la  
You got me like  
What am I supposed to do?  
Got me falling in love with you

I'm in love, I'm in love, I'm in love  
I'm in love, I'm in love, I'm in love

Hey boy  
I was thinking maybe  
You would like to love me  
Love me all night long  
Hey boy  
I was thinking maybe  
You would like to love me  
Love me all night long
