

# Inside Voice

Joey Dosik

In this moment together  
What will you hear in my voice?  
All the things unspoken  
Won't you come a little nearer  
'Cause in here it's so much clearer

There are things I could only tell you quietly  
That's why I wanna get inside  
And use my inside voice  
Ain't too proud to tell you, and girl I hope  
That you get the message  
When I use my inside voice on you

I ain't gonna scream and shout it  
I ain't gonna send it to your phone  
Just get in the same room  
I ain't gonna write a letter  
Cause you'll hear it so much better

There are things I can only tell you quietly  
That's why I wanna get inside  
And use my inside voice  
I ain't too proud to tell you, and girl I hope  
That you get the message  
When I use my inside voice

Outside  
I've got trouble hearing outside  
Trouble feeling inside  
There's a way to make you see  
What you mean to me  
Ooooh

There are things I can only tell you quietly  
That's why I wanna get inside  
And use my inside voice  
Ain't too proud to tell you, and girl I hope  
That you get the message  
When I use my inside voice on you

Ooooh

There are things I can only tell you quietly  
That's why I wanna get inside  
That's why I wanna get inside (inside voice)  
That's why I wanna get inside, girl I hope  
That you get the message
