

One More Try

Joey Dosik

One more try
One more go
I've got the strength
From I don't know where
For one more try
One more go
What we've got left we've got to show

Right now
Somehow
On three
Be the person that you always thought you'd be
We can't be waiting
For something life changing
Got to get on the floor
There's still time on the board

For one more try
One more go
I've got the strength
From I don't know where
For one more try
One more go
What we've got left we've got to show

It's a comeback story
I'm talking Robert Horry
Make the crowd cheer
Kinda thing that makes a man have tears
I had a vision
I've made a decision
That I'm taking control
Right now, this moment needs to be born
Where we come on top

One more try
One more go
I've got the strength
From I don't know where
For one more try
One more go
What we've got left we've got to show

We're gonna celebrate tonight
Nothing gonna stand in our way tonight
Game winner all up in their face tonight (Game Winner)
We're gonna celebrate
Cake and champagne in the club tonight
Confetti all over my face tonight
Said I'm taking control right now
This moment needs to be born
Where we come on top

One more try
One more go
I've got the strength
From I don't know where

For one more try
One more go
What we've got left we've got to show
Said I've got the strength
