

# Kingdom

Joey Graceffa

I'm lost in the devil's garden  
Lately I'm feeling haunted  
Behind me boy look those demons follow

But you are my  
But you are my  
But you are my home

The lightning strikes our eyes  
In the backseat of his car  
In this battle of new secrets  
You're a sword straight through my heart  
You are everything that I needed  
Bad timing has got me in pieces  
And all I know is you're in my arms  
And I'm so wrapped up in this kingdom of ours

So wrapped up in this kingdom of ours  
Kingdom of ours

I found home in the great unknown and  
I'm at peace with being alone  
Behind me boy look it's just a shadow

But you are my  
But you are my  
But you are my home

The lightning strikes our eyes  
In the backseat of his car  
In this battle of new secrets  
You're a sword straight through my heart  
You are everything that I needed  
Bad timing has got me in pieces  
And all I know is you're in my arms  
And I'm so wrapped up in this kingdom of ours

In this kingdom of ours  
Kingdom of ours

We'll be crowned all in gold  
You are always with me  
There'll be no shots fired  
In this kingdom of ours  
Of ours

The lightning strikes our eyes  
In the backseat of his car  
In this battle of new secrets  
You're a sword straight through my heart  
You are everything that I needed  
Bad timing has got me in pieces  
And all I know is you're in my arms  
And I'm so wrapped up in this kingdom of ours

And I'm so wrapped up in this kingdom of ours  
So wrapped up in this kingdom of ours

This kingdom of ours
