

Silver Lining

Joey Graceffa

I pick myself up off the floor
I'm much stronger than I was before
I won't stay down
I keep fighting for solid ground

My dreams are coming true
My energy has been renewed
Everyone look out
You're gonna see what I'm about
This day will be so infamous

I'm finding happiness in every granted wish 'cause
Life is so sweet
When you catch the silver lining
I'm finding happiness in every granted wish 'cause
Life is so sweet
When you catch the silver lining
(silver lining, silver lining)

When I get to do the right thing
I feel it comes with ease
I'll take a stand
This time I have the upper hand
This day will be so infamous

I'm finding happiness in every granted wish 'cause
Life is so sweet
When you catch the silver lining
I'm finding happiness in every granted wish 'cause
Life is so sweet
When you catch the silver lining
(silver lining, silver lining)
