

Own This Town

Joey McIntyre

Is anybody sitting here?
I think it's gonna be a good night
Are ya feeling lucky, dear?
I think we're gonna do alright

No giving up, no giving in
Baby, I'm all in now
We can own this town

Like a beautiful woman that you never had
But you keep coming back for more
Like a place that you seen a thousand times
But you never been before
Remember when we had it all?
Thought we'd never fall
Tonight we're so far up, we're never coming down
Tonight we're gonna own this town
(Bartender, won't you bring me another?)

This town gon' really beat you up
Nobody said it was gonna be easy
In this place we hate to love
So hold me close and don't you leave me

And we'll do fine if you don't mind
Going a few more rounds
We can own this town

Like a beautiful woman that you never had
But you keep coming back for more
Like a place that you seen a thousand times
But you never been before
Remember when we had it all?
Thought we'd never fall
Tonight we're so far up, we're never coming down
Tonight we're gonna own this town
(Tonight we're gonna own this town)

Yeah
We can own this town, yeah
Remember when we had it all
Thought we'd never fall
Tonight we're so far up, we're never coming down
Tonight we're gonna own this town
(Tonight we're gonna own this town)
(Bartender, won't you bring me another?)
