

DISCO TOMORROW

Joey Valence & Brae

One, two

Please hold your applause
I ain't finished yet, I'm still reaching for the stars
Flashy clothes, flashy lights, flashy cars
I can manifest the dreams if I just write a couple bars
I knew I had it in me, I was destined to be great
I met JV in college, who knew this would be our fate?
I'm filling shoes nobody else could fill except for me
You call it luck, I call it hard work and destiny
I'm seeing places in the world I didn't know existed
I'm fucking tired but I'm grateful, please don't get it twisted
There's no feeling like that feeling when you on stage
You feel the love, you feel the pride, you feel the praise
I wish I could shake hands and thank every fan
Four flights back to PA, chilling with the fam
Months on and months off but I'm always grinding
Making money in my sleep to keep the jewelry shining
The only competition that I got is myself
I'm having fun and I'm adding trophies to the shelf
B-R-A-E, I'm the MVP, one day I'ma be a G-O-A-T
And don't forget where you came from
I remember getting frozen yogurt paystubs
Seven twenty-five an hour, I thought I was balling
I never thought this rhyming shit would be my life's calling
Growing up, I never thought I'd make a mark
Then I met Joey and I finally found my spark
Be true to you 'cause you're the only one that knows you best
I'm happy to be here, thank you all, I'm truly blessed

Say what you want
Don't play with my heart
Say what you want
Don't play with my heart

They wonder why I never talk about it
It's 'cause I found another way around it
Yeah, I love myself, see it in my eyes
You won't really understand until you see it live
And for those who have, I wanna thank you
Don't let the money ever try to change you
One day, I'ma pour my heart out on the beat
But for now, I'm just living young, I'm living free
Got that tunnel vision, I ain't turn the sight off
Mama's only one who knows me when the mic off
Please just keep on moving, gotta keep the light on
Party keep on going if you play the right song
Yeah, so I hop in the Benz
And I break a couple laws doing shit with my friends
Yeah, this a good track, I don't want it to end
Nah, I don't really care, I'ma dance 'til I'm dead

Say what you want
Don't play with my heart
Say what you want
Don't play with my heart

So accept it
'Cause life ain't a regular check list
We dancing at the club 'til we restless
The fuck we do, you mess with
Really make 'em wonder what we gonna do next, bitch, uh

Dance (But then, if I change, will they still love me?)
Bounce (Will I still love them?)
Dance (Will I still love myself?)
Bounce
Dance
Bounce
