

Double Jump

Joey Valence & Brae

Welcome y'all, it's B-R-A-E
Now double jump with me and JV

Jump, jump
Jump, jump
Jump, jump
Jump, jump

Hello, my name is Joe
I made this song, here's how it goes
Is about to blow
When I hit the double jump like Super Mario
Hop out the whip, do a flip, keep it sick
I got the mic on my mouth, gonna rip
Think of all the ways that I'm much better
I keep it hot, like a turtleneck sweater
Double jump, Nike Airs with a pump
I don't wear K-Swiss, I ain't a chump
Follow my rhythm, follow my flow
Dance to this, drop your hips, get low
Get with the program, fly past you like Rodan
I'm known to heat it up with my romance
Step to me, well you can't
Back in third grade, scaled the monkey bars with no hands
The old-school duo with a fresh new sound
Grab the decks by the edge and spin them around
Make your body krump, do a double pump
Bouncing all around, make you wanna double jump

Jump
Jump
Jump
Jump

And bring your feet up
And bring your feet up
And bring your feet up
And bring your feet up
I said bounce with me, run it up
I said bounce with me, run it up
I said bounce with me, run it up
I said double, double
Double, double jump

Oh my God, I came to drop bombs
Represent, man, shout out my mom
Look at me go, yo, drop your ego
And while I'm at it, I'ma clown like Nemo
Coming in hard and I'm about to go harder
Clap for me, be my applauders
I'm the melody marauder, the tracks I slaughter
Superior taste in beats, shout out my father
I'm swifty, the girls can't resist me
B-boy Brae on the mic to assist me
Ah, did you miss me? Hold up
'Cause now I'ma flip it and reverse it like Missy
I'm tall, handsome, clear complexion
Are you feeling this connection?

Baby, if you see me and strike up a chat
Double jump, double jump, double jump on that

Jump

Jump

Jump

Jump

And bring your feet up

And bring your feet up

And bring your feet up

And bring your feet up

I said bounce with me, run it up

I said bounce with me, run it up

I said bounce with me, run it up

I said

Double, double

Double, double, double jump

Jump

Jump

Jump

Jump

And bring your feet up

And bring your feet up

And bring your feet up

And bring your feet up

Jump

Jump

Jump

Jump

And bring your feet up

And bring your feet up

And bring your feet up

And bring your feet up

If you're counting Smash Bros, then Mario can double jump
