

OMNITRIX

Joey Valence & Brae

Wait, hold up, hold up, before you do that, let me
JVB, sucka!

Call me Ben 10 'cause I own ten Benz
Nah, that's cap, it's 'cause I always carry ten Bens
Just kidding, it's 'cause I only got ten friends
And nothin' less than, that's my ten cents
You a small fry, I'm a Double Gulp
Drink orange juice straight with extra pulp
Doctor's confused why I got a extra pulse
You ain't even seen shit yet, just wait till I use my ult
Feelin' like I'm Mercy
I end every show with a curtsy
You start your show, end two hours early
I'm off the Pepsi and you off the Perky

And all these girllies wanna chase me now
Yeah, they wanna be a part of it
She said she wanna see a party trick
This ain't a watch, this an Omnitrix

This ain't a watch, this an Omnitrix

Eat a booty with a side of fries
Did a triple backflip, I ain't even try
If you want the VIP, bitch, get in line
Lemme talk to the fans who've seen it live
Keepin' it goin' like I am on fire
MFs be doomed, I'm not even tired
Keepin' up rappin' till I am retired
Watched Marley & Me just for a good cry
Yeah, just for a good cry
And I don't even have another bar right now
I just, I just wanted to say that

And all these girllies wanna chase me now
Yeah, they wanna be a part of it
Oh, you wanna see a party trick?
This ain't a watch, this an Omnitrix

I'ma sip my water and eat my cake
And watch y'all fall off like croissants you flake
Yes, I wear pink, yes, I paint my nails
Comfy with myself, I'm a macho male
Calm down, Johnny Bravo
Yeah, you probably drive a Tahoe
Yeah, you probably drive a Tahoe
That ugly-ass, big-ass silver SUV from like '07

Oh what, baby, you not a fan?
You just in my DM's tellin' me that I'm your man
Yeah, I didn't know I had it either
Joey turned the mic on and I guessed it sparked a fire

And all these baddies wanna ride now
Wanna be my passenger princess
And she wanna see a party trick

This ain't a watch, it's an Omnitrix

That's right, JVB
No hands, it's just us
Infinity
