

# STARTAFIGHT

Joey Valence & Brae

One, two, three, go!

Break down the door, we arrive on sight  
Everybody wants to know if they doin' it right  
Put your fist through a wall 'cause' we 'bouta incite  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight

It's burning bright, my fists are tight  
My momma always told me two wrongs don't make a right  
Fight or flight, I got you in my sight  
Let's start a fight, let's start a fight  
Let's start a fight

Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight

Yeah, we get delinquent  
Run it, run it, run it, run it like a reprint  
Spice, spice on my lips, give it season  
If I say it 'ima' say it for a reason, now

Clenched fists, I can't resist  
The thought of swinging at your chin, face lift  
I hit my boiling point, I'm 'bout to let it rip  
Keep on talking smack, 'imma smack ya in your lip

Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a-  
Fight

'Cause I'm stocky, yeah, I'm husky, yeah, I'm built like a wall  
Shoulders back standing tall and I'm ready to brawl  
Keep it, keep it, keep it moving, don't trip, don't fall  
Last I recall, I saw you running down the hall

Yo, hit the block, pick a fight  
Yeah, we might incite  
If you'd like, we could do it right now  
Kick off your crown before we bust down  
Know how? Well, we gonna start a fight

(Fight, let's start a fight, let's start a fight, let's start a fight)  
(Let's start a fight, let's start a fight, let's start a)

Fight, let's start a fight, let's start a fight

Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight

Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a fight  
Let's start a fight, let's start a fight, let's start a-

Fight

(That's good)
