

Why Don't We

Johan

Birds in the trees singing love making out endlessly
Everywhere lovers entwined passing by smiling faces I see
Why don't we...

...make up and try one more time
Maybe somehow we'll manage I feel
There's something left for you and me

No I don't believe in miracles, and I don't believe in fairytal
es

It's easy being cynical, I'd rather try to keep the faith
Love it comes in many ways

These lonely days passing by such a waste can't you see
So why don't we...

...forget and start where we left off yeah
This time we'll surely succeed
There's something left for you and me

No I don't believe in miracles, and I don't believe in fairytal
es

It's easy being cynical, I'd rather try to keep the faith
Love it comes in many ways

Oh love
Can we just try again?
Why can't we work it out?
Can we just get together?

Oh love
This could be everything
All that we ever wanted
Right here in our hands...
