

Call On Me

John Anderson

When you're all alone and blue
And you need someone to talk to
Call on me, there I'll be

If you need a helping hand
Or someone who'd understand
Call on me, there I'll be

I'd like to be the one
Who whisper sweet things in your ear
You wouldn't be afraid at all
If I could just be there

When you need a happy face
Or someone who'll take his place
Call on me, there I'll be

I'd like to be the one
Who whisper sweet things in your ear
No, you wouldn't ever be afraid
If I could just be there

So when you need a happy face
Or someone who'll take his place
Call on me, there I'll be
