# If It Ain't Broke, Don't Fix It

**John Anderson**

If it ain't broke, don't fix it
If it's mixed, don't try to mix it
Think before you speak and look before you leap
And if it's wound up don't try to wind it
If it's not lost don't try to find it
It always helps to make it easy on yourself

Make it easy on yourself and do the best that you can do
Stay away from folks who try to make it hard on you
And if it's wound up don't try to wind it
If it's not lost don't try to find it
It always helps to make it easy on yourself

If it ain't true, don't tell it
If it's sold don't try to sell it
Search and you will find, keep an open mind
And if it's short don't make it long
If it's right don't make it wrong
It always helps to make it easy on yourself

Make it easy on yourself and do the best that you can do
Stay away from folks who try to make it hard on you
And if it's short don't make it long
If it's right don't make it wrong
It always helps to make it easy on yourself
It always helps to make it easy on yourself
