

## Just for You

John Anderson

I would climb to the top of a mountain  
Or swim the deepest river just for you  
Yeah, that's what I'd do  
I would get my things together  
And walk through stormy weather just for you  
Yeah that's what I'd do

'Cause the love you give to me  
Is all I'll ever need  
Honey, no one else could do the things you do  
Every night you make my day  
And honey, I hope and pray  
Just for you, just for you

And in your saddest hours  
I'd bring a smiling flowers just for you  
Yeah, that's what I'd do  
And on your coldest, darkest night  
I'd be the guiding light just for you  
Yeah, that's what I'd do

'Cause the love you give to me  
Is all I'll ever need  
Honey, no one else could do the things you do  
Every night you make my day  
And honey, I hope and pray  
Just for you, just for you

Yeah, every night you make my day  
And honey, I hope and pray  
Just for you, just for you
