Spend all your time waiting
For that second chance
For a break that would make it okay
There's always some reason
To feel not good enough
And it's hard at the end of the day
I need some distraction
Oh, beautiful release
Memories seep from my veins
Let me be empty
Oh, and weightless and maybe
I'll find some peace tonight

In the arms of the angel Fly away from here From this dark cold hotel room And the endlessness that you fear You are pulled from the wreckage Of your silent reverie You're in the arms of the angel May you find some comfort there So tired of the straight line And everywhere you turn There's vultures and thieves at your back The storm keeps on twisting Keep on building the lies That you make up for all that you lack It don't make no difference Escape one last time It's easier to believe In this sweet madness Or this glorious sadness That brings me to my knees

In the arms of the angel
Fly away from here
From this dark cold hotel room
And the endlessness that you fear
You are pulled from the wreckage
Of your silent reverie
You're in the arms of the angel
May you find some comfort there
You're in the arms of the angel
May you find some comfort here
