

Good Thing Going

John Barrowman

Ooh.. see that girl,
She does something to my chemistry.
And when I'm close I'm sure,
She raise my temperature by three degrees.
Every day everyday,
In every way she makes my motor purr.
And I reciprocate my life I dedicate to loving her.

For we've got a good thing goin',
A real good thing goin', yes, that girl and me.
And I don't have to ask,
I know that it's gonna last, eternally.

Understanding whenever handling any alibis.
For you know what you do,
Where you've been,
So what's the use in telling lies?

For we've got a good thing goin',
A real good thing goin', yes, that girl and me.
We've got it good, so let's get it on,
Let's get it on, let's get it on.

For we've got a good thing goin',
A real good thing goin', yes, that girl and me.
And I don't have to ask,
I know that it's gonna last, eternally.

(..)

We've got.. we've got a good,
We've got a good,
So let's get it on.

So we've got a good thing goin',
A real good thing goin', yes, that girl and me.
And I don't have to ask,
I know that it's gonna last, eternally.

For we've got a good thing goin',
A real good thing goin', yes, that girl and me..
