

Victory Dance

John Cafferty & the Beaver Brown Band

I wanna do the victory dance
Just give me my one shining moment
I wanna raise up my hand
I wanna show'em all I can
I wanna do the victory dance
[Repeat]

I work all day down at the marketplace
At night I'm flat on my back
I'm just so tired of being tired
And goin' nowhere fast

I lay on the couch... turn on the T.V.
I see these guys up on my screen
They all know the thrill of victory
All I know is the Agony of these feet

I wanna do the victory dance
Just give me my one shining moment
I wanna raise up my hand
I wanna show'em all I can
I wanna do the victory dance

I wanna step into the batter's box
With that big game on the line
And with one mighty swing of the bat
I wanna kiss that ball goodbye

I wanna catch that old hail Mary
Fall right across that goal line
I wanna shoot one in from downtown
At the end of double overtime

I wanna do the victory dance
Just give me my one shining moment
I wanna raise up my hand
I wanna show'em all I can
I wanna do the victory dance

Well we've all heard how that story goes
Every dog has his day
Well this dogs been left too long
Out in the pourin rain

I wanna do the victory dance
Just give me my one shining moment
I wanna raise up my hand
I wanna show'em all I can
I wanna do the victory dance
