

Davies and Wales

John Cale

If I could make your day even better
We've got plenty of time, to make it work
I wanna take you downtown when you visit
It's a call, it's your call, it's your call
If you call it right
Make it happen for you in the future
It's a better life than in your past

If you've ever moved
With the speed of light and distance

It's the easiest way to find your way out of town
And avoid the mistakes we made
When we were younger
We don't care who we hurt on the way up

Wales and Davies
Wales and Davies
Davies and Wales forever more
Wales and Davies
Wales and Davies
Davies and Wales forever more

If you've done things
You'd wished you've never done
Think of the things you're going to do tonight
But you're different now than you were yesterday
As your broken heart will surely show
And avoid the mistakes we made when we were younger
We don't care who we hurt on the way down

Wales and Davies
Wales and Davies
Davies and Wales forever more
Wales and Davies
Wales and Davies
Davies and Wales forever more
Wales and Davies
Wales and Davies
Davies and Wales forever more...
