

Invention of Language

John Cale

I'm a man and I'm here
Moving the heart
Wherever I find it
Wherever I hear it
Take me away for now

Take me away from all I know
I'll give it back to you
Here I am and I can see
Another way from this insanity

I'm a man and I'm here
Moving the heart
Wherever I find it take me away
Take me away from all I know

Here I'm standing alone
And I'm waiting to see
What my life will be
What my life will be

I've heard it before
And I'm starting to see
I'm hoping for the best
That you bring out in me

And I'm starting to see
And I'm hoping for the best
The best that you bring out in me

I'm a man, I'm a man
And I'm here
I'm a man, I'm here
Moving the heart

Leave it alone, only time will tell
Leave it alone, let it be
Leave it alone, here is where I stand
Here is where I'll be
Leave it alone, my heart belongs to me
Leave it alone, I'm me
Leave it alone, leave me alone
The gang is all here
