

# Wilderness Approaching

John Cale

Wilderness approaching  
Coming on the left  
Follow the road signs  
Take great care  
Smile for the cameras  
It's what it's all about  
You've crashed the party in a country you cannot afford

Leave the lights on in the front room  
And the door unlocked  
You want to be sure they see  
All that you've got

Wake me up  
When we get home  
It will be your turn to rest  
Take your time with a style  
Of chew gum or die  
There's a speech on the topic  
In the great hall tonight

You've crashed the party in a country you cannot afford  
They're changing horses  
And moving on

Leave the lights on in the front room  
And the door unlocked  
You want them to see  
All that you've got

Wake me up  
When we get home  
It'll be your turn to rest

Leave the lights on in the front room  
And the door unlocked  
You want them to see  
All that you've got

Wake me up  
When we get home  
It'll be your turn to rest
