

# Om

**John Coltrane**

Rites that the Vedas ordain, and the rituals taught by the scriptures

All these am I, and the offering made to the ghosts of the fathers

Herbs of healing and food, the mantram, the clarified butter:

I the oblation and I the flame into which it is offered

I am the sire of the world, and this world's mother and grandsire I am He who awards to each the fruit of his action:

I make all things clean

I am OM...
