

Could You Love Me One More Time?

John Conlee

Could you love me one more time
With the love that really is mine
I've waited so long, they say you've done wrong
Have I lost you forever this time

Do you think that I believe
This talk that's going around
I've heard lots of things that somehow seem strange
But darling, I wouldn't put you down

I know that you're my weakness
I know you'll be my downfall
I'm not sorry we met and I'll never forget
Though I gave you my heart, soul and all

Yes, I know that you're my weakness
And I know you'll be my downfall
I'm not sorry we met and I'll never forget
Though I gave you my heart, soul and all

Could you love me one more time
