

Hit the Ground Runnin'

John Conlee

I'll save you the trouble of a big heartache
No since you're livin' with the same mistake
I suffered hurt long and hard
It didn't change a thing

I looked in the mirror and I told my face
You know, self pity is a total waste
I suddenly understood, I could live again

You gotta hit the ground runnin'
Better kick up dirt
You gotta find new lovin'
You better hit the ground runnin' when your heart gets hurt

You better hit the ground runnin' when your heart gets hurt

Nobody breaks even when a lovet goes bust
You might as well leave em' in a cloud of dust
No matter if It's meant to be if It's tearing you apart

No magic motion turns the bad to good
No crossing your fingers or knocking on wood
Life toughens you when your down or it breaks your heart

You gotta hit the ground runnin'
Better kick up dirt
You gotta find new lovin'
You better hit the ground runnin' when your heart gets hurt

You better hit the ground runnin' when your heart gets hurt

You gotta hit the ground runnin'
Better kick up dirt
Gotta find new lovin'
You better hit the ground runnin' when your heart gets hurt
