

# Way Back

John Conlee

Way back when we were lovers  
We had each other to lean on  
We use to lay back  
And greet the sunshine  
Now the good times  
Are all gone

Living ain't no fun now  
'Cause we've somehow lost track  
And days without love  
Are so hazy oh baby  
We've got to find our way back

Way back do you remember  
We sang a tender love song  
We use to say that  
We'd never loose it  
But now the music is all gone

Living ain't no fun now  
'Cause we've somehow lost track  
And days without love  
Are so hazy oh baby  
We've got to find our way back

We've got to find our way back  
We've got to find our way back  
We've got to find our way back
