

## When I'm Out of You

John Conlee

It sure is good to know you love me, baby  
And I sure am glad that we've got us  
And a day without you 'round just drives me crazy  
Just when I'm out of you I'm out of love

Other ladies only want me make me want them  
But what you give to me is just enough  
Though without your love I'm dang near down to nothing  
'Cause when I'm out of you I'm out of love

'Cause when I'm out of you there's no need looking  
And when I'm out of you I'm hanging tall  
I'm sure glad that we've got something cooking  
'Cause when I'm out of you I'm out of love

Yes, when I'm out of you I'm out of love
