

# When It Hurts You Most

John Conlee

All hearts fall down sometimes  
Some dreams have to end  
All hearts can be broken  
But always love again

I know lately times have been hard on you  
You just don't talk it out like you used to do  
Form one friend to another I've seen you hurt each other  
Don't let it get the best of you

You've got to laugh when it's hardest  
Love when it hurts you most  
You've gotta turn your back on the blues  
When they come too close

When you feel like crying  
When your heart's through trying  
Laugh when it's hardest  
Love when it hurts you most

I see that hopeless look in your eyes again  
I know sometimes you think it will never end  
When your affection needs a direction  
And you don't know where to begin

You've got to laugh when it's hardest  
Love when it hurts you most  
You've gotta turn your back on the blues  
When they come too close

When you feel like crying  
When your heart's through trying  
Laugh when it's hardest  
Love when it hurts you most

You've got to laugh when it's hardest  
Love when it hurts you most

All hearts can be broken  
But always love again
