

Always

John De Sohn

No one can hold me down
No one can steal away my fire
No one can hold me down
No one can take from me my hearts' desire
Cause I will always love you
Endlessly, honestly
And I will always love you
Perfectly 'til the end of it all

And I will always love you
Forever and 'til the end of it all!
Forever and 'til the end of it all!
Forever and 'til the end of it all!
I will always love you

Painlessly, seamlessly
I will always love you
Forever and 'til the end of it all!
No one can take your pace
You fill an empty space, forever
Hopelessly lost in love
You bring out the best in me, I follow you, forever
I will always love you
Painlessly, seamlessly

I will always love you
Forever and 'til the end of it all!
And I will always love you, forever and 'til the end of it all!
Forever and 'til the end of it all!
Forever and 'til the end of it all!
I will always love you

Endlessly, painfully
And I will always love you
Forever and 'til the end of it all!
