

# Children of the World

John De Sohn

You could be anything you wish  
A beating heart that burns like a firework  
Like firework  
Ooo-oooh  
I could be everything I dreamed  
Shining like stars across the universe  
The universe  
We could make this world a better place  
A better place

We're just ordinary people  
Where the Kings and Queens've glory  
Let us all follow our hearts now, to the world  
When this ordinary people  
When the Kings and Queens've glory  
Let us sing for the children, of the world  
Yeah!  
Yeah!  
Yeah, yeah, yeah  
The children of the world

We're just ordinary people  
Where the Kings and Queens've glory  
Let us a pronounce our hearts now, to the world  
Oh

We're just ordinary people  
Where the Kings and Queens've glory  
We sing for all the children, of the world  
We could lead the world to a better place  
A better place  
Ooo-oooh  
We could make this world a better place  
A better place

We're just ordinary people  
Where the Kings and Queens've glory  
Let us all pronounce our hearts now, to the world  
Where this ordinary people  
When the Kings and Queens've glory  
Let us sing for all the childre, of the world  
Yeah!  
Yeah!  
Yeah, children of the world

We're just ordinary people  
Where the Kings and Queens've glory  
Let us all pronounce our hearts now, to the world  
To the world!  
We're just ordinary people  
Where the Kings and Queens've glory  
Let us sing for all the children, of the world
