

# Dreaming With Open Eyes

John De Sohn

Let her take me high, let 'em take me out  
Hear 'em call my name  
My hearts beating love

I don't know if it's real, when I take a look around  
It's like I'm dreaming with open  
Dreaming with open  
Dreaming with open eyes  
It's like I'm dreaming with open  
Dreaming with open  
Dreaming with open eyes

And I can feel my world keep spinning, world keep spinning, spinning around  
And I can feel my world keep spinning, world keep spinning, spinning around  
I'm dreaming with open eyes

Finding out my name, kissing the ground  
I need some room to breathe, so don't make a sound

I don't know if it's real, when I take a look around  
It's like I'm dreaming with open  
Dreaming with open  
Dreaming with open eyes  
It's like I'm dreaming with open  
Dreaming with open  
Dreaming with open eyes

And I can feel my world keep spinning, world keep spinning, spinning around  
And I can feel my world keep spinning, world keep spinning, spinning around  
I'm dreaming with open eyes  
I'm dreaming with open eyes

Let her take me high, let 'em take me out  
Hear 'em call my name, my hearts beating love  
I don't know if it's real, when I take a look around
