

# Like Me Better

John De Sohn

We don't talk like we used to  
Are you even here?  
All this fighting is old news

Do you even care?

Wish I knew what you are thinking  
Like you're waiting for it all to fall apart  
Cause we don't talk like we used to  
Like you're never here

I would rather stay and try than leaving  
Anything to break the loop  
I'm not ready to give up just yet  
So tell me what to do

If I bought you tickets to your favourite show  
Gave you space, no talk, for just a week or so  
Made a fancy dinner when you're coming home  
Would you like me better?

If I threw a party at your favourite bar  
Learned to play "Free Falling" on your old guitar  
Wrote a cheesy poem just to show my love  
Would you like me better?

We don't kiss like we used to  
Doesn't feel the same  
But I won't play by the old rules  
I can take the blame

I would rather stay and try than leaving  
Anything to break the loop  
I'm not ready to give up just yet  
So tell me what to do

If I bought you tickets to your favourite show  
Gave you space, no talk, for just a week or so  
Made a fancy dinner when you're coming home  
Would you like me better?

If I threw a party at your favourite bar  
Learned to play "Free Falling" on your old guitar  
Wrote a cheesy poem just to show my love  
Would you like me better?

Oh-oh-oh-oh  
Would you like me better then  
Like me better then  
Oh-oh-oh-oh  
Would you like me better then  
Like me better then  
Oh-oh-oh-oh  
Would you like me better oh  
Oh-oh-oh-oh  
Would you like me better then  
Like me better then

If I bought you tickets to your favourite show  
Gave you space, no talk, for just a week or so
