

Umbrellas

John De Sohn

If I could run
I'd find a way to hide away
I'd lie back down and go to sleep
My thoughts are loud
They're killing me, they're filling me
A flood inside, I'm sinking deep

But we all fall, sometimes
And when I'm caught outside...

I feel the rain
I feel it burn inside of me
I feel the sun
And when it's washing over me
No, I can't stop these clouds from pouring now
It won't kill us, we get stronger from the pain
And umbrellas always break down
Umbrellas always break down in the rain

Umbrellas
Break
Umbrellas
Break
Umbrellas
Break...

I'm cold, got holes
Inside my coat, I'm tryna float
Upstream, I need a miracle
I know it's hard
To show your heart
Let down your guard
We're never safe but that's OK

Cuz we all fall, sometimes
And when I'm caught outside...

I feel the rain
I feel it burn inside of me
I feel the sun
And when it's washing over me
No, I can't stop these clouds from pouring now
It won't kill us, we get stronger from the pain
And umbrellas always break down
Umbrellas always break down in the rain

Umbrellas
Break
Umbrellas
Break
Umbrellas
Break...

Umbrellas always break down in the rain
Umbrellas
Break
Umbrellas always break down in the rain

I feel the rain
I feel it burn inside of me
I feel the sun
And when it's washing over me
No, I can't stop these clouds from pouring now
It won't kill us, we get stronger from the pain
And umbrellas always break down
Umbrellas always break down in the rain
