

## Druthers

John Denver

If I had my druthers I'd go fishin'  
Find myself a lake and a lazy day  
If I had my druthers I'd quit wishin'  
Get off the old caboose get on my way.

Give me whole lots of laughter  
Great big barrels of fun  
Nighttime full of romance  
Daytime full of fun

If I had my druthers I'd go flyin' - oooh  
Lookin' for the things I'd like to see - yeah  
If I had my druthers I'd be tryin' tryin'  
The only way to be what I can be

Give me somebody to love me  
Make me feel like the only one  
Something thst's worth doing Lord  
I feel good when it's well done.

If I had my druthers I'd go sailin' - yes I would  
Catch me campin' out on the open sea  
If I had my druthers I'd be singin'  
Just how good this good life feels to me - feels so good

You just need somesome to talk to  
Something you can share  
You don't need no reason for livin' Lord  
It's already there - yes it is - oooh oooh

It makes me giggle  
I can't sit down

I'm goin' fishin'!!!
