## **Never a Doubt**

## John Denver

There was never a doubt, never a doubt in my mind We weren't meant to be lonely
Never a doubt I knew that I'd find you some day
There was never a doubt, after all of those nights alone
All those desperate mornings
Never a doubt, there was never a doubt in my mind

I suppose there have been times when you felt like a room fille d with darkness

Not a window around

There must have been moments you felt you were truly alone Then again each of us knows, in a night of unbearable sadness Still a light can be found

In each morning the promise that someday your true love will co  $\ensuremath{\mathsf{me}}$ 

I suppose there are some people who never believe in the magic Oh the magic of love

They think nothing is precious and life is just pleasure and pa in

Then again each of us knows, when a heart has been broken it's tragic

Oh the magic of love

Even that which is broken with love can be mended again

All the things that you fear, at the most they mean nothing All the sorrow and sadness can just disappear

There was never a doubt, never a doubt in my mind
We weren't meant to be lonely
Never a doubt I knew that I'd find you some day
There was never a doubt, after all of those nights alone
All those desperate mornings
Never a doubt, there was never a doubt in my mind
There was never a doubt in my mind
Never a doubt in my mind
