You want to know if its the real thing that we found  
'Cause all these come and go hit and run love affairs have let  
you down

I'm gonna love you 'till the day I die,  
this love will stand the test of time baby

24-7-365

Every hour of the day, every I'm alive

I'm gonna hold you in my arms and keep you satisfied

24-7-365

Words of love spoken lead to promises broken instead

You're thinkin' someday someday somebody's gonna turn my head

I don't need nobody else, I love you more than you love yoursel

Every hour of the day, every I'm alive

I'm gonna hold you in my arms and keep you satisfied

24-7-365

I want to show you that you're lucky in love

It's just three little numbers baby that I've been thinking of

Every hour of the day, every I'm alive

I'm gonna hold you in my arms and keep you satisfied
