

Baby Without You

John Farnham

Sitting here in my lonely room, feeling all alone and blue
And I just can't seem to make it baby, without you

Start all over forget the pain of a man I loved in vain
And I just can't seem to make it baby, without you

Well I've been thinking about it lately
Lately it don't take much to break me
And I just can't seem to make it baby, without you

I'm gonna love a little and have some fun
But I ain't foolin' anyone
And I just can't seem to make it baby, without you

I tried to find me someone new
But there ain't nobody as good as you
And I just can't seem to make it baby, without you

Well I've been thinking about it lately
Lately it don't take much to break me
And I just can't seem to make it baby, without you

And I just can't seem to make it baby, without you
