

## Infatuation

John Farnham

You invite a little love and make me feel alright  
You come 'round here to stay all night  
You kick me around and put me down  
And you really shouldn't do that

You don't come home 'til the early light  
I think you're with another and I'm up all night  
I just don't know why I love you so  
I really cound't tell you

You got a wonderin' eye, a jealous heart  
Your cheatin' ways are keepin' us apart  
You say you're gonna stay with me  
But I can see it's just infatuation

I try to think it over in my head each day  
I gotta get out, gotta get away  
But I know you've got such a hold on me  
I really couldn't do that  
So I'll keep on loving you with all I've got  
It takes my time, it takes a lot  
And you'll never show what I want to know  
You really couldn't tell me

You got a wonderin' eye, a jealous heart  
Your cheatin' ways are keepin' us apart  
You say you're gonna stay with me  
But I can see, it's just infatuation

Infatuation is bringin' me down  
I look in the mirror, I'm wearin' a frown  
I long to be with you, it's not worth my whi-ile  
Each night you leave me with only your smi-i-i-i-i-i-ile

Your memory haunts me, I can't break away  
You still have my heart on a string  
I could take you to Europe and show you the wor-orld  
But to you, it won't mean a thing

You invite a little love and make me feel alright  
You come 'round here to stay all night  
You kick me around and put me down  
And you really shouldn't do that

Your wonderin' eye, jealous heart  
Your cheatin' ways are keepin' us apart  
You say you're gonna stay with me  
But I can see, it's just infatuati
