

# Love Me Like You Do

John Farnham

You walked in with your hair all curly  
You know I like it when you wear it like that  
Hold on, you've got to leave so early?  
Slide over closer I've got something to say

I wanted you through all four seasons  
But you just say "no"  
I can give you ten good reasons  
I count 'em up on my fingers and toes  
No one, no one, no one, nobody, nobody's gonna love me like you  
No one, no one, no one, nobody, nobody's gonna love me like you

I roll up to the bar in the city  
There ain't no shortage of candy for my eye  
Kinda sweet, kinda cute, kinda pretty  
No other woman gets me so uptight  
I'd buy you a thousand roses and shower you with love  
I would love you for all my lifetime,  
give you the stars from the heavens above  
But it ain't enough I wanted you through all four seasons  
But you just say "no"  
I can give you ten good reasons  
I count 'em up on my fingers and toes

No one, no one, no one, nobody, nobody's gonna love me like you  
No one, no one, no one, nobody, nobody's gonna love me like you  
No one, no one, no one, nobody, nobody's gonna love me like you  
No one, no one, no one, nobody, nobody's gonna love me like you
