

No Ordinary World

John Farnham

My day starts out the same
Looks like it might rain
But I will not complain
'Cause I can see the Sun

I say my little prayers
Running down the stairs
The streets are going nowhere but I don't care

Because this day is beautiful
Nothing's gonna get me down

It's no ordinary world when you're here with me
I take the time to smile
I have the space to breathe
No ordinary world, when you walk with me
I see inside these dreams
Every diamond every pearl
It's no ordinary world

Everybody's got a dream
Every thought in every scheme
And all the spaces in between
To see the clouds

But I won't give it too much time
To get inside my mind
'Cause all that matters is the here and now

When you're lying close to me
You are all the joy I need

It's no ordinary world when you're here with me
I take the time to smile
I have the space to breathe
No ordinary world when you walk with me
I see inside these dreams
Every diamond every pearl
It's no ordinary world
