The Reason Why

John Farnham

What did I do Before the day I set my eyes on you? Spending my time Just working on the things I had to do And then I saw your face I was captured heart and soul You gave me so much more

You're the reason why I listen in the night And steal the softest kisses While you sleep You're the reason why Tears will fill my eyes Just looking at a photograph of you

Touching my frown Tell me what you read between the lines Everything's alright I know sometimes I act a little strange You bring me so much joy

Conversations make me smile How could I love you more

You're the reason why I speak with foolish pride Whenever there's a chance to Show you round You're the reason why I lost this heart of mine At the very moment you arrived

I can't believe this life was ever lonely No I can't imagine life before you

You're the reason why I'm holding on so tight I never want to let this feeling go You're the reason why My love will never die My heart just could not sing if not for you

What did I do Before the day I set my eyes on you
